

**Aim:**

Write a Program to Print Pyramid Pattern

**Source Code:**

**Pyramid.java**

```
import java.util.Scanner;
public class Pyramid{
    public static void main(String args[]){
        Scanner sc=new Scanner(System.in);
        System.out.print("Enter no of rows : ");
        int rows=sc.nextInt();
        for(int i=1;i<=rows;i++){
            for(int k=1;k<=rows-i;k++){
                System.out.print(" ");
            }
            for(int j=1;j<=i;j++){
                System.out.print("*"+" ");
            }
            System.out.print("\n");
        }
    }
}
```

**Execution Results** - All test cases have succeeded!

| Test Case - 1        |
|----------------------|
| User Output          |
| Enter no of rows : 5 |
| *                    |
| * *                  |
| * * *                |
| * * * *              |
| * * * * *            |

| Test Case - 2        |
|----------------------|
| User Output          |
| Enter no of rows : 6 |
| *                    |
| * *                  |
| * * *                |
| * * * *              |
| * * * * *            |
| * * * * * *          |
